## Costa de Cocos Description

Costa de cocos is set amidst the romantic coconut groves. The Yucatan jungle, rich with wild life, is in the back yard. The Caribbean, with all the wonders of the sea is at our front steps. When you are looking for a comfortable place to dive, fish, kayak, explore or just relax Costa de Cocos is a good alternative vacation destination.

There are 16 individual private cabanas, built of traditional stonework, rich tropical woods and topped with native thatch roofs. Each cabana has a private bathroom with hot water and daily maid service. Our stocked bar and cold cervezas are available for you anytime. A continental breakfast buffet and a four course dinner with a Caribbean touch will leave you satiated. A full lunch menu is also available.

You'll appreciate the dedicated environmental conscience. Costa de Cocos has been commended for its care for nature's bounty and commitment to its respect. An on-site desalination plant recaptures water from the sea and a reverse osmosis purification process serves you. 24-hour electric power is generated by the wind.
